

Witness the rise of visual technology with the LG GhostT-OLED 55", a Full HD (1920x1080) screen that transforms the art of digital storytelling.

Featuring a frameless, self-emissive OLED pixel structure and 40% transparency, it delivers dynamic colours, infinitely high contrast levels of 150 000:1 and ultra-wide viewing angles.

With this groundbreaking screen, high-end retail environments, exhibitions and interactive installations effortlessly integrate digital with real-world objects.

With webOS™ for easy content management, HDMI and DP inputs and low power consumption, the GhostT-OLED delivers an immersive, out-of-this-world viewing experience that engages audiences like never before.

## LG GhosT-OLED

### TECHNICAL DATA

Screen size	55"
Touch points	12
Refresh rate	120 Hz
Panel	OLED
